WALT: Solve problems with addition, involving measures.

Miss Apsey's plant is 16cm tall. It grows 8cm more and then another 3cm. How tall is it now?

Miss Whitehead has some string. It is 29cm long. She ties 7cm to it. How long is it now?

Mrs Bramley has 82ml of water. She puts 6ml more in. How much water is in there now?

Miss Salter has a jug of milk. She has 58ml. She pours 5ml more in and then another 4ml. How much milk does she have?

An apple and a banana are 15g altogether. The apple is 8g. How many is the banana?

8g	+		=	15g
